1. Construction and repairs of Yugoslav airports is underway. Some of them are listed as follows:

Repairs at the largest airport at Rajlevac is 50 per cent complete.

The Banja Luka airport is under repairs, and is simultaneously being enlarged on the northwest toward the outskirts of Budzaci.

A new airport just west of Sarajevo is under construction at Butmir.

A new airport is under construction at Kupreske Polje (Rilici), employing almost 10,000 prisoners.

A military airport is under construction at Travnik.

2. Military depots are located in the following places:

Sarajevo. Depots of armament, munitions and explosives, clothing and food.

Jajce. Munitions, clothing and food.

Bugojna Munitions.

Travnik. Munitions, clothing and food.

Visegrad. Large munition and armament depots built in rock caves above the city.

Corazde. Warehouses containing food supplies.

3. The military arsenal at Sarajevo has been enlarged and employs 3,000 workmen, whereas before the war only 600 to 700 men were employed. The arsenal produces hand grenades, and 75,80 and 100 mm caliber shells. Artillery material and automobiles are also repaired here.
